Third Preparatory Grade – Weekly Evaluation and Homework – Week (10)

Weekly Evaluation

First test

Put (√) in front of the correct statement or (x) in front of the incorrect statement

1. The "BackColor" property controls whether the form window is shown or hidden. ( )

2. The “RightToLeft” property determines the direction of controls on the form window from right to left. ( )

Second test

Put (√) in front of the correct statement or (x) in front of the incorrect statement

1. The RightToLeft property shows its effect in design mode. ( )

2. The BackColor property allows you to choose the background color of the form window. ( )

Third test

Put (√) in front of the correct statement or (x) in front of the incorrect statement

1. To control the window border style, we use the RightToLeft property. ( )

2. The BackColor property adjusts the background color gradient from right to left in the form window. **( )**

Class Evaluation

Set the form window so that its background color is green.

Homework

Choose the appropriate answer to complete each of the following statements:

1- The background color of the form window is determined by the ..... property:

a) BackColor

b) Text

c) FormBorderStyle

d) Forecolor

2- The RightToLeft property of the form window has the following functions:

a) Determine the direction of the controls from right to left.

b) Determine whether the form controls are laid out from right to left.

c) Determine the form screen state (maximum or minimize).

d) Adjust the background color gradient from right to left.
